**351504 : DEBAKEY-ADSON CORONARY SUCTION TUBE**

4.5 mm tip, 6-1/8" (15.4 cm)

**351505 : MORSE-ANDREWS SUCTION TUBE**

6 mm tip, 10-1/4" (26.0 cm)

**351506 : DEBAKEY-ADSON CORONARY SUCTION TUBE**

4 mm tip, 8-1/8" (20.5 cm)

**351508 : DEBAKEY FIBER OPTIC SUCTION TUBE**

Curved, 9 mm diameter tip, 11-3/8" (28.9 cm)

**351547 : COOLEY SUMP-SUCTION TUBE**

Curved, 9 mm tip, 12-7/8" (32.7 cm)

**351560 : Stoney Heparin Injector**

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351573 : Zanger-DeBakey® Heparin Needle

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351574 : Horsley Heparin Needle

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351575 : Debakey® Heparin Needle Small

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351576 : DeBakey® Heparin Needle Medium

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351577 : Debakey® Heparin Needle Large

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351578 : IMA Heparin Needle

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351586 : Garrett Heparin Injector

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351587 : Garrett Heparin Injector

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

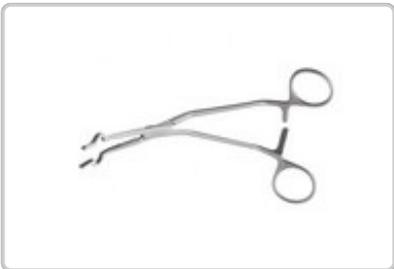

351593 : Samson Heparin Injector

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

351594 : Samson Heparin Injector Medium

Collectively, this cannula and those listed in "Related" below constitute a complete line of stainless steel, reusable heparin cannulae. A selection of sizes, shapes and lengths provides for a variety of uses in flushing,...

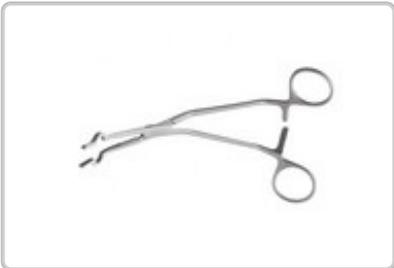

351645 : COOLEY VENA CAVA CLAMP

Curved, 24 Fr. ring tip width, 6 1/8" (15.5cm)

351646 : COOLEY VENA CAVA CLAMP

Curved, 26 Fr. ring tip width, 7 1/4" (18.5cm)

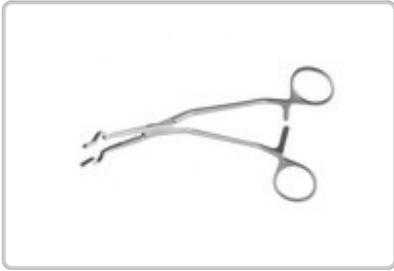

351650 : COOLEY VENA CAVA CLAMP

Curved, 28 Fr. ring tip width, 7 1/4" (18.5cm)

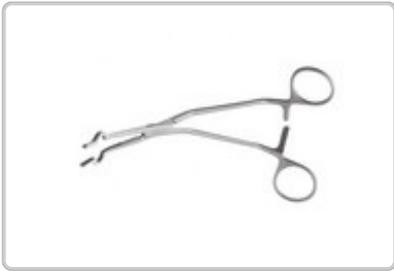

351651 : COOLEY VENA CAVA CLAMP

Curved, 30 Fr. ring tip width, 7 1/4" (18.5cm)

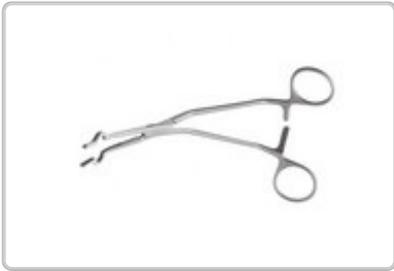

351652 : COOLEY VENA CAVA CLAMP

Curved, 32 Fr. ring tip width, 7 1/4" (18.5cm)

351653 : COOLEY VENA CAVA CLAMP

Curved, 36 Fr. ring tip width, 7 1/4" (18.5cm)

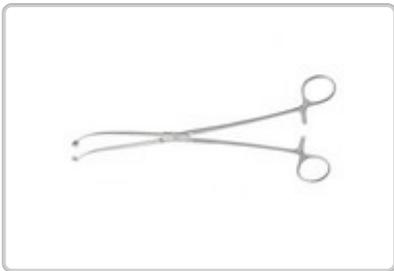

351654 : COOLEY VENA CAVA CLAMP

Curved, 34 Fr. ring tip width, 7 1/4" (18.5cm)

351737 : REVUELTA-GARCIA VALVE MIRROR

9" (23.0cm)

351743 : REVUELTA-GARCIA ALLIS CLAMP

Half Curved, DeBakey Jaw, 1" (2.4cm) tip length, 10 1/8" (25.5cm)
